As Chairs of the 2020 Imagine Ball, my wife, Meredith, and I ask that you please join us, along with our Board of Ambassadors and other corporate partners, in the fight against cancer. Cancer is a terrible disease that affects so many of our loved ones, our family, friends and co-workers. It affects individuals of all ages, skin colors, religions and economic levels. Some of our family members and closest friends have personally battled cancer; and some have won their battle and others have sadly lost. With events like the Imagine Ball, we can join together to make a difference, to bring us closer to defeating the disease and to help those who are literally fighting for their lives right now, who need our help.

The American Cancer Society provides lifesaving research and patient programs to individuals battling cancer, but they cannot do it alone. They need our support! Every corporate partner is an opportunity to raise more awareness and add more fighters to the cause; and the dollars raised will help us reach our ultimate goal, which is a world free from cancer! Thank you for your consideration. We look forward to seeing you at our wonderful event and to celebrating our combined efforts to attack cancer from every angle.

OUR MISSION IS SIMPLE.

SAVE LIVES AND CELEBRATE. EVERY SINGLE DAY.

The American Cancer Society is the nationwide, community-based, voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service.

Progress in the war against cancer in the US has triggered a 29% decline in cancer mortality over the past two decades, but we can't stop there. Over 1.8 million new cancer cases are expected to be diagnosed in the United States in 2020, and more than 606,000 Americans will lose their battle - that's over 1,600 people a day. The American Cancer Society is committed to changing these devastating odds.

Today we ask you to join us as a united force against all cancers through your participation in our annual Imagine Ball on May 9, 2020 in Memphis. This elegant, black-tie gala promises to be a night you'll never forget with live and silent auctions, extraordinary dinner, lively entertainment and late-night dancing.

A WORLD WITHOUT CANCER

BREAKTHROUGH RESEARCH

Fund cancer research that will help protect future generations.

THERE ARE CURRENTLY \$10.7 MILLION IN RESEARCH GRANTS BEING FUNDED IN TENNESSEE. \$5.3 MILLION ARE RIGHT HERE IN MEMPHIS SUPPORTING 8 GRANTS AT ST. JUDE CHILDREN'S RESEARCH HOSPITAL.

ROAD TO RECOVERY

One of the biggest roadblocks to cancer treatment can be lack of transportation.

ROAD TO RECOVERY IS A VOLUNTEER LED PROGRAM THAT PROVIDES RIDES TO AND FROM TREATMENT FOR PEOPLE WITH CANCER WHO DO NOT HAVE A RIDE OR ARE UNABLE TO DRIVE THEMSELVES.

HPV CANCER FREE

HPV is linked to six different cancers, including nearly all cases of cervical cancer and 70% of throat cancer in men.

WE CAN PREVENT 90% OF HPV-RELATED CANCERS, YET ONLY 56% OF BOYS AND GIRLS HAVE STARTED THE VACCINATION SERIES.

HEALTH DISPARITIES

Too often, where you live or who you are determines if you get cancer, if you survive, and the quality of your life.

ACS IS WORKING TO BRIDGE THE GAP TO ENSURE GREATER ACCESS TO CARE, SUPPORT AND TREATMENTS.

LODGING

Getting the best care sometimes means cancer patients must travel away from home.

IN 2018 THE MEMPHIS HOPE LODGE PROVIDED OVER 13,453 FREE NIGHTS OF LODGING - SAVING FAMILIES OVER \$1.2 MILLION IN HOTEL EXPENSES.
